

We are not comfortable until you are

Ames Heating and Cooling, Inc. would like to thank you for using our company for all of your heating and cooling needs. Our family-owned company has been serving Ames and surrounding areas for over 55 years and we truly appreciate the loyalty of our customers.

Some of the services we offer:

- full metal fabrication including galvanized metal, copper stock aluminum and stainless steel
- retrofit and new construction installations
- in- floor radiant heat
- geothermal systems
- whole house humidifiers and air purifiers
- heat/energy recovery ventilators
- replacement of residential and commercial heating and cooling equipment.
- free quotes on equipment installation options
- 24/7 service department

A service we would like to explain in more detail is our annual Planned Service agreement. Furnaces, air conditioners and geothermal units are motorized equipment, and just like a vehicle, they need to be serviced regularly to ensure they are functioning properly and efficiently. As a Planned Service customer, you will receive two prepaid service tuneups, a one-year warranty on any replacement parts, a discounted rate on emergency services and a preferred-customer discount price.

If you have any questions, please feel free to contact our office Monday through Friday from 8:00 am - 4:30 pm. We will be glad to answer any questions you may have.

Thank you for your business,
Brett, Brody, and Brian Linder

Fall 2021 Planned Service Agreement

- Each furnace is one appliance. Each air conditioner is one appliance.
- Both units must be listed on the agreement or you will not be able to add the second unit at the discounted planned service rate until the following year.
- Each location will receive a seasonal service check for each air conditioner unit (temperature must be above 60 degrees and not raining for the air conditioner check), and one seasonal service for each furnace.
- Addresses outside of Story County or Boone County will incur an additional fee of \$40.

1-6 appliances	\$100.00 per appliance (tax included)
7-12 appliances	\$90.00 per appliance (tax included)
13-50 appliances	\$85.00 per appliance (tax included)
51+ appliances	\$80.00 per appliance (tax included)

Fireplaces, humidifiers, ERVs and HRVs are \$40.00 each (tax included).

Each geothermal unit, PTAC unit, or mini-split unit is \$175.00 per year (tax included) and a spring and fall service will be completed on these units.

Planned Service Agreements are due by 10/15/2021. Please complete the Planned Service Agreement and submit payment in full to 1503 Florida Ave., Ames, IA 50014. Once received, services can be scheduled.

Please note - all prior invoices must be paid before service can be scheduled.

Please list the addresses of locations to be serviced and the number of air conditioners and furnaces at each location:

Dear valued Planned Service customer,

With the season of change upon us, we at Ames Heating and Cooling would like to extend a special promotion on Honeywell whole house bypass humidifiers. This offer will be running until the first week of December.

Adding a humidifier to your home can make it feel 3-4 degrees warmer by adding moisture to the air during the winter time. Chapped lips, static shock, dry nose, dehydrated skin, discomfort from common colds are a few items that a whole home bypass humidifier can remedy.

The humidifier has a pad where the water mists over, and distributes moisture into your home through the sheet metal ductwork. The pad will need to be changed on an annual basis. This can be taken care of when our tech is out to perform the maintenance on the furnace in the fall.

We're Not Comfortable Until You Are

Thank you for giving us the opportunity to address your heating and cooling needs. Ames Heating & Cooling has been your local area Lennox dealer for over fifty years. We take great pride in our unique design, installation, and service, so that we can provide you with optimum performance for years to come.

Our company has attained the highest rating Lennox bestows. Ames Heating & Cooling has been recognized as a top-performing service center. Our full-service staff is available for you twenty-four hours a day.

As a standard, we do not charge a fee for our design and proposal. In exchange, all we ask is to have the opportunity to support our recommendation in the event a product comparison should need to be made, and that a return response is given.

Thank you,

Brian Linder
